**Table Tennis**

### ***HOW TO CHOOSE YOUR YASHIMA TABLE TENNIS RACKET.***

The Yashima table tennis line includes 4 levels.

#### **1/ STARTER the learning-series:**

Designed for the player who wants to learn and discover the challenge of the game of table tennis, this line will allow anyone through its choice of variety to enjoy and appreciate the pleasure of this Olympic discipline.

#### **2/ ALLROUND the practice-series:**

In order to reach new sensations and develop his skills, the player will choose this line which include superior reverse rubber while offering a diversified choice of handles.

#### **3/ TRAINING the game-series:**

The Yashima Game series provides the right tools with its ITTF approved rubber to practice a competitive game at a high level. Every player will find a racket suited to its own playing style.

#### **4/ COMPETITION the pro-series:**

The Yashima Pro series tested and developed by top international professional players uses the latest innovations in rubbers, or racket concepts as C.S.A. (carbon shock absorber). For the more dedicated competitors separate rubbers and blades are also available

## TABLE TENNIS RACKET SPECIFICATIONS

### 1/ THE BLADE:

The Yashima products use hand selected 5 plywood coming mainly from North China.

### 2/ THE HANDLE:

Made from a variety of wood types (Natural as well as stained) covered with grip or decorated using different techniques, our series offer a whole variety of shapes i.e. (straight, conical, concave, anatomic). Recent development such as the exclusive C.S.A. (carbon shock absorber) system or foam core system, brings a new dimension to the game.

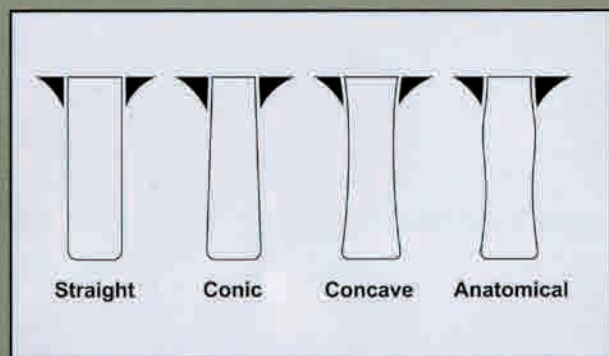

### 3/ THE SPONGE :

Using first quality sponges our series are delivered with 1.5 or 2mm thickness. On special request other thickness can be provided.

### 4/ THE RUBBER :

Developed in our own facilities in China, our rubbers are always selected tested and analysed by top international players in order to offer the widest and most specialized choice. On each of our bats the speed, spin and control levels are displayed.

**EQUIPMENT REGULATIONS.****1/ THE TABLE:**

The upper surface of the table, known as the playing surface, shall be rectangular, 2.74m long and 1.525m wide, and shall lie in a horizontal plane 76cm above the floor. The playing surface may be of any material, uniformly dark coloured and matt, but with a white side line, 2cm wide, along each 2.74m edge and a white end line, 2cm wide, along each 1.525m edge.

**2/ THE NET ASSEMBLY:**

The net assembly shall consist of the net, its suspension and the supporting posts, including the system attaching them to the table.

The net shall be suspended by a cord attached at each end to an upright post 15.25cm high, the outside limits of the post being 15.25cm outside the side line.

**3/ THE BALL:**

The ball shall be spherical, with a diameter of 40mm. The ball shall weight 2.7gr.

The ball shall be white or orange and matt.

**4/ THE RACKET:**

The racket may be of any size, shape or weight but the blade shall be flat and rigid.

At least 85% of the blade thickness shall be natural wood.

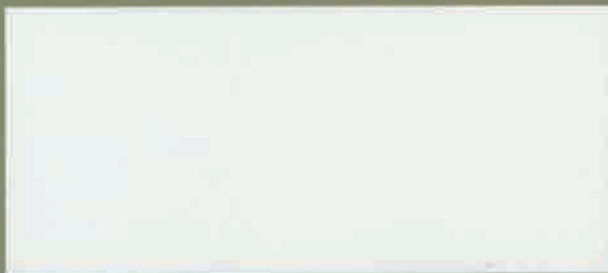

A side of the blade used for striking the ball shall be covered with either ordinary pimped rubber, with pimples outwards having a total thickness including adhesive of not more than 2mm or sandwich rubber with pimples inwards or outwards, having a total thickness, including adhesive of not more than 4mm.

The surface of the covering material of the blade, or of a side of the blade if it is left uncovered, shall be matt, bright red on one side and black on the other.

These specifications apply only to ITTF approved equipment.
